BABY SIGNBOARDS SEEN ALONG SHORE

Atlantic City, Aug. 13.—A mother whose small son frequently strays away from her on the bathing beach has adopted a scheme by which she can readily locate him. So well has it worked that other mothers are rapidly adopting the idea. She has printed a small sign on muslin, which she has sown on the back of his bathing suit. It bears the legend, "This is Junior. If lost, return to the South Carolina Avenue tent."

When she misses her child she now goes immediately to the hospital tent and if Junior has not arrived he is soon escorted there by Patrolman Craig, whose duty it is to care for lost children and preserve order on that section of the beach.

Heavy Storm

Heavy Downpour and Terrific Lightning Storm

This city shortly after 6 o'clock last evening was visited by one of the most severe rain and electrical storms of the season. Lightning caused terror to hundreds of persons and for a while put out of commission the electric lights and also struck the roof of the store and dwelling of Abe L. Cohen, 418 King street, and knocked a hole in the roof causing the upper floor to be deluged with water and also damaging some of his stock of goods on the first floor.

Lightning also struck the chimney of the Virginia-Carolina Chemical Co., plant and knocked part of it down and then crossed over to the platform of the Texas Oil Company's plant at the foot of Wolfe street and crossed the Texas Company's wires, passing out through the stable without doing any damage.

Reports received indicate that roofs of hundreds of houses throughout the city leaked during the progress of the storm which lasted more than an hour. Sewers became clogged and the streets were converted into miniature lakes so great was the rainfall.

In addition to the foregoing chimneys a number of other chimneys in different parts of the city are reported to have been damaged by lightning during the storm.

RATS AND FLIES DANGEROUS ENEMIES

Rats Cause $180,000,000 Economic Loss Annually

RAT FOR EACH PERSON

Flies Cause Children to Suffer From Intestinal Diseases—Some Dont's Given by Health Officer

Rats and flies might well be classed as two of the most dangerous enemies of the human race inasmuch as they transmit deadly diseases directly into our houses. There is only one way to protect ourselves against this menace, and that is to keep up a constant war of extermination says Dr. Louis E. Foulks, city health officer.

Rats are destructive in the highest degree and cause an annual economic loss in this country alone of over $180,000,000.

According to conservative estimates, based on numerous surveys, there is at least one rat for every person in the United States. Have you tried to kill your rat? If not, why not start in right now and destroy at least one rat. If there is a rat about your premises, don't rest until you have exhausted every means in your power to kill it.

Keep ever in mind that the rat is your deadly enemy, a destructive agent and a disease spreader. That terrible disease, the "Bubonic Plague" is spread from one section to another by rats. Rats travel long distances. They get aboard ships and are thus taken from one port to another. They get into freight cars, and are thus taken from one section of the country to another.

There are at the present time a number of cases of bubonic plague in several of our American and Mexican Gulf ports, and it is well for us here in Alexandria, to keep this fact well in mind. Destroy the rats for your own protection and right now is the time to begin the good work. Many stores and business buildings in this city are now infested wit hrats. This is a public warning and I trust the people will regard it in a serious light.

And now a few words about flies. The many intestinal troubles of young children are mostly caused by fly infection. In many cases, the germs of intestinal diseases are carried direct to the lips of a sleeping child by infected flies. Never leave a toilet cover open for a single moment after use. Don't leave the soiled clothes of your baby exposed to flies. No family can long remain healthy if flies have free access to the house. The fly is the chief mean of distributing typhoid fever. Keep your food covered. Protect your milk above all things, for typhoid germs will grow and multiply in milk. Keep ever in mind that every fly you see may be covered with disease germs, ready to distribute them on your food. The fly is the most deadly carrier of disease germs known to science, so act accordingly.

KILL SELVES IN PACT

J. Ford Thompson, Washington Man, And Girl Found Dead

Washington, D. C., Aug. 13.—J. Ford Thompson, 49 years old, son of the late Dr. J. Ford Thompson, of this city, artist, traveler and clubman, and pretty Mary Sneeringer, 16 years old, of Waynesboro, Pa., were found dead in a piece of woods about one mile from Emmitsburg, Md., yesterday afternoon. Notes found in the girl's room at the Slagle Hotel in Emmitsburg, where she was a waitress, and which was operated by her aunt, suggested a suicide pact. Both Thompson and the gir held revolvers in their hands and both had bullet wounds in their right temples.

Recruiting Station

Winchester Army Station Transferred to Alexandria—To be Permanently Located Here.

The General Recruiting Service of the United States Army has opened a recruiting station on the 3rd floor of the Smith Building, 624 King street, this city.

This station is a branch of the central recruiting station at Richmond, Va., and has been transferred here from Winchester, Va. Sergeant Payne, G. S. I., who has recently returned from the Panama Canal Zone, is in charge. The other members of the personnel are Corporal Shinault, G. S. I., and Private First Class Williams, 53rd Artillery.

Men will be accepted at this station for one or three years enlistments. All re-enlistments are for three years. For each three year enlistment or re-enlistment a $90 bonus is paid.

Men who enlist for one year will be sent to one of the Virginia Regiments. By this is meant regiments of the regular army which have been allocated to the State of Virginia, and are already composed chiefly of men from this state. These regiments are the 62nd Infantry, which is located at Camp Lee, Va., one of the finest camps in the country. In connection with this regiment an army school is conducted, which permits a man to learn almost any trade he desires. The Virginia Cavalry Regiment is the 12th Cavalry, located at Camp Del Rio, Tex. Men who chose this regiment have opportunity of travelling across the continent, and of being stationed at the best camp on the entire Mexican border. Most of the men who have enlisted in Virginia during the past six months have chosen the 12th Cavalry. This regiment is located just 30 miles north of Sabinas, where Pancho Villa made his last headquarters.

Those who favor the artilery will be sent to the 19th Field Artillery, at Camp Bragg, N. C., or to the 53rd Railroad (Coast) Artillery at Camp Eustis, Virginia. These are both splendid regiments, and well located.

Men who re-enlist, or enlist for three years will be given any assignment they desire, either in the United States, or in any branch that is open in Panama, the Philippines, or Hawaii. There are also a few vacancies in the infantry for assignment to the American forces on the Rhine.

Colored men of high caliber will be accepted for assignment to the 24th Infantry, Columbus, N. M., or the 25th Infantry, Nogales, Arizona.

Men who desire to join the local engineer regiment, 5th Engineers, at Camp Humphreys, will be sent to that organization just as soon as their examination has been completed.

The local recruiting authorities desire to make the Alexandria station the best in the entire Virginia district, both in the manner in which it is conducted and in the number of recruits obtained. They will be glad to have any of Alexandria's citizens visit them in their new office, and will furnish all desired information as to enlistment.

They particularly desire to be of assistance, if possible to previous service, ex-Army men. Questions regarding the Victory button, Victory medal, bonus, etc., as well as those of a general military nature will be answered to the best of their ability, and in case of doubt, a decision can be obtained from the central station at Richmond, Va.

Recruiting all over the United States has taken a big boom; over 15,000 enlistments were obtained last mont halone; 5,000 more than in any previous month since the close of the war. The Virginia district ranks very high among the states in the Union in this regard, having exceeded the quota alloted them for the month of July.

It is expected that Alexandria will continue to turn in recruits to the army in even greater numbers than they have in the past; and it seems certain that they will now that they have a permanent recruiting establishment located right in town.

MENACE TO ENTENTE SEEN BY BRITAIN

French Action in Recognizing Government of South Russia

HALTS KING'S TRIP

Allies Are United and Will Remain so is Assurance of -Premier Miller and.

London, Aug. 13.—Great Britain has been officially notified of the recognition by France of the government of General Baron Wrangel as the defacto government of South Russia, and the question is being discussed between the two governments.

Something akin to consternation is evinced by the evening newspaper over the French action, which is characterized as contrary to British ideas and a menace to Entente relations.

Meanwhile King George, who was to leave for Scotland today, has postponed his trip owing to the situation.

A significant reference to the present crisis was made by Premier Lloyd George in addressing a meeting of coalition Liberals today. After expressing fervent hope for co-operation between England and France, which he said had been "sanctified by the common sacrifice," the Premier continued, apparently alluding to the possibility of war with Russia.

"When the terrible question of peace or war has to be decided, our first duty as a government is to the people, who trust us not to commit their treasure to any unjustifiable adventure. Nothing but the most imperative call of national honor, national safety and national freedom can justify war. Before this country is committed to it, even in the most limited form, we must be satisfied these are in peril."

There was no formal Cabinet Council tonight, but a number of prolonged ministerial conferences were held at Downing street, after which the Premier received a deputation of the "council of action" of the Labor party.

According to the latest news nothing has yet been definitely settled about the proposed meeting between Mr. Lloyd George and Premier Millerand to discuss the situation brought about by recognition of France of General Wrangel, but it is understood to be the British Government's intention to proceed as though the Wrangel incident had not arisen and adhere strictly to the policy of taking action against the Soviet pending the disclosure of Moscow's attitude toward Poland and an armistice.

The text of the statement of the French Foreign Minister announcing his government's decision to recognize General Wrangel reads:

"In view of the military successes and consolidation of the government of General Wrangel as well as assurances received relative to the Democratic form of his administration and his respect for former obligations of the Russian state, the French Government has decided to recognize the govevnment of the south of Russia as a de facto government. A French diplomatic agent will be sent to Sebastopol with the title of High Commissioner.

In order to ease the gravity of the situation, Premier Millerand, at Noyon, France, today, it is learned, after declaring that France placed no consideration above that of national reconstruction, continued.

"The Allies are united and will remain so. There are unavoidable differences, due to the different characteristics of the nations, but their bond of unity was forged amidst reverse trials and a union firmly formed in such conditions must not be dissolved."

CONFEDERATE VETERANS VISIT OLD BATTLEFIELDS

Gathering of Gray-Clad Heroes of '61 at Culpeper Widely Attended

Culpeper, Va., Aug. 13.—The feature of the session of the Grand Camp of Confederate Veterans was the meeting with its sons of Confederate veterans from all over the State. An eloquent address of welcome was made by Judge John T. Goolrick, of Fredericksburg, and fittingly responded to by Commander Samuel L. Adams. Music by the Stonewall Band and several Confederate songs were also features of the morning's program.

The dance given last night in honor of the visiting vetreans and sponsors was held in Nelson Hall, and was attended by a large crowd, The grand march was lead by Col. Hale, of Rocky Mount, dancing with Mrs. Petty, historian of Culpeper Chapter, U. D. C.

The Virginia Reel and old time square sets were also danced. Dinner was served yesterday in the courthouse green to visiting veterans and hundreds of others, tables being arranged under the trees near the Confederate monument. After dinner automobile rides were provided and all visitors taken to the battlefields of Cedar Mountain and Brandy Station, going afterwards by special invitation to 'Soldiers' Rest on the Rappahannock turnpike, where a number of soldiers of the late war are being cared for.

Last evening they were entertained at a large reception given by the Culpeper Chapter, Daughters of the Confederacy, at the home of Mr. and Mrs. John Yowell. Many of Stonewall Jackson's men, who have not been on Culpeper's soil since the battle of Cedar Mountain, 58 years ago, are in attendance.

REDS TO RULE EUROPE IN YEAR, SAYS TROTZKY

Warsaw, Aug. 13.—Leon Trotzky, Russian Bolshevik Minister of War, has arrived at Bialystok, just behind Soviet front, and has set up headquarters there, according to news from the other side of the battle line. Speaking in Vilna, the capital of Lithuania, recently, he announced Soviet Russia had been officially recognized by the Western Powers and that M. Krassin and M. Kameneff, heads of the Bolshevik commercial mission to Great Britain, been received at London with the ceremonials usually accorded foreign ambassadors. He asserted Bolshevism was "more powerful than ever and would soon spread to other countries."

"In a year" he continued, "all Europe will be Bolshevik."

Warsaw newspapers publish interviews with soldiers, who declare the Bolsheviki advancing upon this city claim they have come to exterminate the bourgeoisie and distribute the land among peasants. It is asserted they impartially pillage mansions, farms and cottages and either forcibly enlist the men in the country or send them to the rear.

Bolshevik prisoners say that the high command of the Soviet armies fears a reverse before Warsaw and is hastily preparing positions on the line of Grodno, Slonim and Sarny, to which it can withdraw in case of defeat.

They did not divulge the nature of the property, McCormack's home is in Chicago.

Jackson, pastor of the First Baptist Church.

GET RICH QUICK BUBBLE BURSTS

Ponzi's Investors Will Lose Nearly Five Million Dollars

PONZI UNDER ARREST

Liabilities Trifle Under $8,000,000 and Assets Only About $3,000,000, U. S. Official Declares

"The investors who entrusted their money to Ponzi will lose about 5,000,000.

"Ponzi's liabilities are little less than $8,000,000. His assets are only about $3,000,000. This means that the people who invested their money through Ponzi will lose about $5,000,000. It is the most gigantic scheme ever put over on the American people through the agency of the Postoffice Department."

This comment was made yesterday by a high official of the Postoffice Department following announcement of Ponzi's arrest. While the report of postoffice inspectors has not been formally made to Washington, the high lights of their discoveries have been contained in telegraphic dispatches.

"It is a sad commentary on human nature," said a postoffice official who has taken a prominent part in the Ponzi investigation. "Most of the Ponzi investors were people of small means. If each investor loses $1,000 there will be 5,000 losers. But we believe that many contributed smaller amounts, so the number may reach 10,000. The Postoffice Department has handled a number of spectacular get-rich-quick frauds, but this is the largest and most successful we have ever encountered.

"There is not an iota of truth in Ponzi's statement that he made vast profits in manipulating international reply coupons. We have investigated this matter thoroughly and find that where the currency of a foreign country is depreciated it always protects itself against loss by charging more for postal coupons. It could not do otherwise unless it was asleep.

"We have every reason to believe that for the most part Ponzi simply took in money and then paid it out again with the intention of getting a great number of investors and then making a getaway. So far as we have been able to learn he dealt to only a slight extent in ordinary stocks and securities.

"The Hanover Trust Company is insolvent. Its methods were utterly illegal and unsound. Just what its condition is and what depositors stand to lose we cannot say as yet.

"In the history of gigantic frauds based on the gullibility of people and the desire to make quick and easy returns on investments, this Ponzi case will take a conspicuous place.

"The Postoffice Department is going to the root of the matter, but it is unlikely that anything can be done to save the money invested by thousands of simple laboring people."

CULPEPER REUNION CLOSES

Kaufman, Luray, 35th Battery, Virginia artillery; Maj. J. R. Ogden Murray, Roanoke Major G. W. B. Hale, Rocky Mount, Va., 2nd Virginia cavalry, Major T. G. Mitchell, Staunton Va., 7th Virginia Infantry, A. C. Coloma, of Newport News, pilot of the Merrimac.

POLAND'S CAUSE JUST

The Poles may have been very ill advised in going to the aid of the Ukrainians who were trying to drive the soviet troops out of their country, but this did not constitute an attack upon the Russians. The Ukraine, like Poland and Finland, and, for that matter, the Baltic provinces also, was conquered by the Russian Czars and held in subjection by force. The collapse of imperialism gave these victims of Russian conquests an opportunity to recover their independence, and if they helped one another to achieve this and to throw off the yoke of the dictator of the proletariat, who is a greater tyrant than the Autocrat of All the Russians was they are entitled to sympathetic consideration from all the self-governing peoples. The Moscow Soviet has no more right to hold Poland, or the Ukraine, or the Crimea in subjection by military force than the Romanoffs had. And this attempt of the Moscow soviet to re-establish the former boundaries of the Russian Empire is a repudiation of all the pacifism the Bolshevists offered as the excuse for their refusal to go on fighting against Germany.

GET YOUR LIBERTY BONDS EXCHANGED

Many persons have failed to exchange their temporary Liberty Bonds for the regular issue containing all coupons to date of expiration, and in some instances they face a loss unless prompt action is taken. For instance, the 4 per cents and the Third 4 1-4 per cents. have now no coupons attached and the next interests date is September 15. Unless you make the exchange by that date there will be some difficulty in getting the interest.

Procedure is easy: If you live in this city you can go to the Federal Reserve Bank at any time during banking hours and make the exchange. Otherwise, even if you live in the suburbs, you can make the exchange through the bank through which you made the original purchase or, indeed, almost any bank will accommodate you. The point is that you should attend to the matter as promptly as possible, since if you leave it much later more trouble may arise.

All bonds are now ready for exchange except the First Liberty Loan, Second Converted and the Fourth Liberty Loan, and it is announced that very soon these bonds containing complete coupons will be ready. By October 15 you should have all of your Liberty Loan Bonds exchanged, but the Victory Notes will not be exchangeable since they have complete coupons already. This notice does not apply to those who have registered their bonds and received checks for interest by mail. This is the safe plan for all who have considerable investments.

CUTTING OUT THE SHRIEKING MOTOR HORN

Nothing is more annoying or more needless than the incessant use of motor horns. Unless they are sounded simply to prevent accident or to give warning, they may be a danger as well as a nuisance. There are drivers who mark their courses by a long succession of shrieks, confusing rather than enlightening to foot passengers.

The great majority of these tooters are the kind who occupy the highways as if no one else had any right to them. Many noises are inevitable, but the nerves of the public should not be shattered superfluously

SPORTS

Final arrangements are being completed by the Dreadnaught Athletic Club for its biggest game of the season, which occurs next Sunday, August 15th, against the crack Knickerbocker Athletic Club, of Georgetown, holder of the record for consecutive victories of baseball clubs in this vicinity.

The game will be played on the old Marquette League diamond, 35th and Wisconsin Avenue, and will start at 3 o'clock sharp. Messrs. Woodward and Hughes will handle the game, both of whom rank amongst the best umpires in this section.

The local management desires all Dreadnaught followers to leave with the team in a body, assembling at the High School Grounds in time to depart at 1 o'clock sharp. A large number of trucks will be on hand at this point to take care of those desiring to accompany the clubmen, and it is hoped that a large number as possible will lend its presence and support for this crucial game.

Use Windmill to Rescue Bull

Bordentown, N. J., Aug. 13.—A registered Jersey bull belonging to John P. Hutchinson, who owns and resides on a farm on the road near Georgetown, on the road to Camp Dix, while wandering about the farm yesterday stepped on the wooden platform of the springhouse well, breaking through and went in to the well. It was necessary to use ropes and tackle with the aid of the windmill to get it out. Mr. Hutchinson is a member of the American Cattle Club.

KIDNEY REMEDY FOR 40 YEARS
A PRONOUNCED SUCCESS

When kidney diseases have been successfully treated for a period of more than forty years, it is reasonable to assume that the remedy therefore must possess unusual merit. Such is the remarkable record of Warner's Safe Kidney and Liver Remedy. Without its ability to give relief and benefit its users so that they would continue its use, it could not have existed 40 months, much less 40 years of its enviable record. Many letters have come to us to prove that it has been a household remedy for years and years. Here is what one grateful woman has recently written:

"I wish to say that your remedies have been used in our family for fifteen years. We are never without a bottle of Warner's Safe Kidney and Liver Remedy in our home, and it has saved many a doctor's bill. It is a wonderful medicine for all diseases of the kidneys and liver."—(Signed) Florence E. Schmidt, R. F. D. No. 1. Dunkirk, Ohio.

For the elimination of poisons due to impaired kidney action, Warner's Safe Remedy was famous for 25 years before this woman so judiciously began its effective use. There are thousands of people who realize that their general health depends upon their kidneys and have found Warner's Safe Kidney and Liver Remedy a reliable family medicine. Forty years ago it was name "Safe" because it is SAFE absolutely; equalizing the work of both the kidneys and liver. Satisfactory results are obtained in the most severe cases, and it is sold by Gibson's drug store and all leading druggist. A sample sent on receipt of ten cents. Warner's Safe Remedies Co., Dept. 638, Rochester, N. Y.

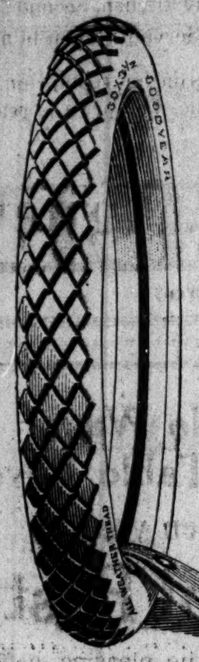
Low-Cost Mileage—Get It in Goodyear Small Car Tires



There is no economy in buying so-called bargains in tires offered at sensationally cheap prices when a well-made tire delivers mileage at a considerably lower rate of cost.

Add the time and trouble occasioned by frequent replacements and it is fully apparent why tire users, seeking real mileage economy, are not attracted to very cheaply priced tires.

The popularity of Goodyear Tires, of the 30 x 3-, 30 x 3½- and 31 x 4-inch sizes, is based on the fact that they are built to deliver exceptional mileage at low cost and consistently do so.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires—for true Goodyear mileage, value, economy.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread $23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size *in waterproof bag* $4.50

TWENTY-FIVE SKELETONS ARE FOUND ON RIVER BANK

Corpus Christi, Texas, Aug. 13.—Twenty-five human skeletons have been found fourteen miles south of here on the west bank of the Laguna Madre by Thomas Steele and O. S. Atwood, local contractors. Indications point to the fact that they had been covered by earth for many years, and it is thought that the storm of September last brought them to view.

Department of the State Corporation Commission

Case No. 1009
Case No. 1029.
City of Richmond, August 9th. 1920.

WHEREAS, amended and supplemental petitions in the above entitled proceedings have this day been filed by the Baltimore and Ohio Railroad Company, the Southern Railway Company, and other railroad carriers on behalf of themselves and all other steam railroads operating in Virginia, asking authority to make the following increases in intrastate freight rates and charges, passenger fares and charges, baggage rates, etc., in Virginia to correspond with similar increases authorized and ordered by the Interstate Commerce Commission on interstate rates. fares and charges under its decision in Docket Ex Parte 74:

1st. All passenger fares and charges to be increased twenty per cent (20) The term "passenger fares" to be considered to include standard, local or interline fares; excursion, convention and other fares for special occasions; commutation and other multiple forms of tickets; extra fares on limited trains; club car charges.

2nd. Excess baggage rates to be increased twenty per cent (20 per cent). Provided that where stated as a percentage of or dependent upon passenger fares the increase in the latter will automatically effect the increase in the excess baggage charges.

3rd. To impose a surcharge upon passengers in sleeping and parlor cars, the same to be made fifty per cent (50 per cent) of the charge for space in such cars, such surcharge to be collected in connection with the charge for space and to accrue to the rail carrier.

4th. All rates on milk and cream carried in passenger service, to be increased twenty per cent (20 per cent).

5th. All freight transportation rates and charges. switching charges, charges for transit, weighing diversion, reconsignment, lighterage. floatage and storage (not including track storage) and transfer to be increased forty per cent (40 per cent.), that being the increase authorized in interstate freight rates and charges by the Interstate Commerce Commission in Ex Parte 74 within Official Classification territory, which territory, in said petitions, is said to embrace practically the whole of the State of Virginia. If authority to include the whole of the State of Virginia in the Eastern group taking an advance of forty per cent (40 per cent) in all freight rates and charges be not granted them, as an alternative the amended and supplemental petitions of the carriers seek authority to increase all intrastate freight transportation rates, switching and other freight charges above enumerated, to the extent of forty per cent (40 per cent) within that part of the State of Virginia lying on and north of the line of the Norfolk and Western Railway Company from Norfolk through Petersburg, Lynchburg and Roanoke to Bristol, including all branches of the Norfolk and Western Railway Company in Virginia between Norfolk and Bristol, and including also the line of the Virginia Railway lying south thereof; and in that portion of the State of Virginia lying south of the line of the Norfolk and Western from Norfolk through Petersburg, Lynchburg and Roanoke to Bristol, but excluding the line of the Virginia Railway and the above mentioned branches of the Norfolk and Western Railway Company in Virginia, all freight transportation rates and switching and other charges above mentioned to be increased twenty-five (25 per cent); while joint and single line through rates between points north and south of the said dividing line are to be increased thirty-three and one-third (33 1-3 per cent) per cent.

IT IS HEREBY ORDERED, that said original petitions and the amended and supplemental petitions, upon motion of the petitioners be, and the same are, hereby consolidated and are directed to be heard together and that said petitions and amended and supplemental petitions be sent down for hearing on Monday, the sixteenth day of August, 1920, at ten o'clock A. M., in the court room of the State Corporation Commission in the city of Richmond, Virginia, at which time the commission will proceed to consider and dispose of and determine upon the propriety of granting the advance in rates, fares and charges, both freight and passenger, prayed for in said amended and supplemental petitions, and to consider any additions or changes therein as may be pertinent and proper, and will at that time and place hear any objections which may be urged by any person in interest to the allowance of the increases proposed, or to the entry of an order authorizing the advance in rates requested in said amended and supplemental petitions.

IT IS FURTHER ORDERED, that applicants shall cause to be published a copy of this order twice in newspapers of general circulation published in the following cities: Richmond, Roanoke, Lynchburg, Norfolk, Bristol, Staunton. Charlottesville, Danville, Alexandria and Petersburg.

A copy.

Leopard Cannot Change Spots

Mr. Dodson, the "Liver Tone" Man, Tells the Treachery of Calomel.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynimite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel billious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It can not be trusted any more than a leopard or a wild-cat. Take Dodson's Liver Tone which straightens you right up and makes you feel fine. Give it to the children because it is perfectly harmless and doesn't gripe.
